

## RETIREMENT PLANNING WORKSHOP

**“There’s more to it than money”**

**A workshop sponsored by the BC Retired Teachers’ Association (BCRTA)**

This workshop will address the following concerns:

- Can I afford to retire?
- Money saving ideas
- Legal considerations—peace of mind
- Making your retired life positive.

This workshop does not focus on pension plan details. The seminars sponsored by the BCTF and the Pension Corporation deal with what you need to understand about your pension plan. This workshop is for people who have already attended at least one of these seminars. We’ll be talking about life after retirement and how to make a successful transition from your busy career to your new life as a retired person. Attendance will be limited to 30, in order to allow for easy interaction and participation.

Participants are asked to bring their latest pension statement and a calculator to the workshop.

### **Workshop booking information:**

Our objective is to offer this workshop to as many retiring teachers as possible. The BCRTA would like the local association to co-sponsor these workshops. The local association can book this workshop by contacting the BCRTA office. The responsibility of the local association would be to:

- advertise the workshop
- register the participants—15 to 30
- provide the facility and the refreshments
- make copies of the workshop materials.

The BCRTA will provide the facilitators and workshop material templates.
